PROFESSIONAL STUDENT PERMISSION TO ENROLL IN A COURSE BELOW THE 500 LEVEL
(i.e. undergraduate courses)

With the approval of the department, Nicholas School students may enroll in courses below the 500 level, but these courses will not count toward the credits required for a post-baccalaureate degree and will not be included in a student’s GPA calculation. The grading basis for such courses will be A*B*C*F*; the asterisk next to the letter grade on the transcript indicates that the course will not count for graduate degree credit and will not factor into the GPA. Standard drop/add and course withdrawal deadlines apply. To enroll in a course below the 500 level, the student must complete the form below, and submit the form to nsoe-registrar@duke.edu or Student Services located at A108, LSRC before 5:00pm on the last day of the drop/add period. Note: Full-time enrollment in graduate-level coursework is required for approval to add a course below the 500 level. For masters/professional students, full-time enrollment is nine graduate credits.

Before you submit this form, please read the following information. You are responsible for making sure that you are carrying a minimum of nine graduate credits each semester (credits for the course above do not count in this total). It is also your responsibility to make sure that you have adequate credits towards graduation and that you are meeting graduation requirements. Please be aware that the undergraduate credits are included in the total number of credits for which you are registered even though they do not count towards credits for graduation and the GPA calculation. Therefore, if taking an undergraduate course puts you over the 15 credit limit, you must request permission for overload. Do not wait until the last day of drop/add to get permission for an overload or to try to arrange enrollment in an undergraduate course.
